### 1. Authorship Responsibility, Criteria and Contributions

By completing the relevant checkboxes below, each author affirms the following:

- The submitted manuscript represents original research and is free of plagiarism.
- The manuscript, or any part thereof, is not under consideration for publication elsewhere and has not been previously published, except as an abstract.
- If required, I will provide the raw data underlying the manuscript for review by editors or reviewers.
- As the corresponding author, I assume responsibility for ensuring the accuracy of citations, obtaining necessary ethical approvals, and confirming the authenticity of all claims in the manuscript, including those amended during the editorial process. Alternatively, I delegate these duties to the designated corresponding author if I am not serving in that role.
- I have reviewed and approved the final manuscript and accept public accountability for its content and findings.
- Each author has actively participated in this study and shares full responsibility for its outcomes.
- All authors have reviewed and approved the final version of the submitted manuscript.
